To Whom It May Concern:

It is my pleasure to provide a letter of support for Renaissance Village of Moreno Valley, California, USA. This project and its development team are partners with the County of Riverside through the Office of Foreign Trade. This development team has successfully created medical and retail centers in the County of Riverside utilizing the EB 5 Visa Program in conjunction with their federally approved EB 5 designation.

USA Continental Regional Center provides high quality projects that allow investors to participate in Visa programs containing a pathway to permanent residency and citizenship in our country. The leadership of this organization is outstanding and has been instrumental in bringing quality jobs and projects to our area.

Renaissance Village in Moreno Valley is a state of the art facility creating jobs in the medical sector along with numerous construction jobs while the Village is under construction. The County of Riverside is proud to be a partner in a development that not only bring jobs to the area but provides valuable services to our residents.

If I may be of further assistance, please do not hesitate to contact me.

Very truly yours,

Marion Ashley
